INFORMATION
FOR THE
WLAKERS

The international festival of contemporary art Into the Miracles starts **on Saturday, 1 July 2023** in Dudince with an afternoon and evening programme. **Between Sunday, 2 July and Tuesday, 4 July 2023**, walkers will hike along the Dudince - Stará Hora-Sebechleby - Baďan – Bátorovce festival route. The festival programme ends **on 4 July 2023** in the evening in Bátorovce.

Who is a walker?

A walker is a festival visitor who takes part in one particular festival day and completes the route and its programme within that day.

Registration of the walkers

SUNDAY	MONDAY	TUESDAY
2 July 2023, 7.00 – 9.00, Dudince, football stadium	3 July 2023, 7.00 – 9.00 Stará Hora-Sebechleby (at the tent camp)	July 2023, 7.00 – 9.00 Baďan (at the tent camp)

Route

The festival route interconnects several officially marked tourist routes. It goes through villages, forests, meadows and fields, and even crosses roads in some places. In case of warm and sunny weather, the most challenging will be the flat routes that lead through meadows, fields, and asphalt roads, where there are no trees and shade. The nature of the landscape fundamentally impacts the pilgrims’ sensation of the hiking experience. Every day is different and gives a different feeling, a different experience.

Organisers will provide special marking for the entire route as well as on-call volunteers along the route and at the places of the individual artistic productions.

Festival route by days

1 July 2023: Dudince
2 July 2023:
Dudince - Terany - Dvorníky - Hontianske Tesáre - Šípice - Sebechleby - Stará Hora-Sebechleby
3 July 2023:
Stará Hora-Sebechleby - Beluj - Baďan
4 July 2023:
Baďan - Jabloňovce - Pečenice - Bátorovce

Map of the route

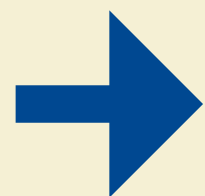

Pilgrims will be given a printed and an online version of the map. In addition to the route, the map also marks the locations of the artwork and artistic productions on the route.

Festival tickets

Festival tickets are non-transferable and they are issued in each walker’s name. They are non-refundable. There is no need to print the ticket, just download the electronic version. At the registration desk, each walker with a valid festival ticket will receive a festival wristband valid on that particular day. Walkers are required to wear the wristband on their wrist throughout that particular festival day. The wristband entitles walkers to enter the programme.

SOME PRODUCTIONS ARE ENTERED AT YOUR OWN RISK

Festival walkers should be aware that some productions are located in venues where entry s at their own risk. This notice can always be found at the venue of the event in question.

IMPORTANT

It is necessary to have cash on you.
Lunch and dinner services will be only available in cash.
There are no ATMs in the villages along the route.

One-day single walker ticket includes

- Festival entrance during that particular festival day
- A printed and an electronic map with the festival route, locations and schedule of all artistic productions and installations marked
- Small snacks (fruit, bar) and drinking regime throughout the route
- Transport back to the parking lot to the departure station after the evening programme

Food and drinking regime

The walker festival ticket includes small snacks (fruit, a bar) and a drinking regime throughout the route (approx. every 5 to 7 km).

All walkers will be able to purchase food and beverages from local vendors along the route during lunch and dinner hours. Regular and vegetarian food will be on offer.

Transport and parking

Each walker is responsible for their transport to the festival site and back. Walkers who will arrive with their own vehicle will be provided with a site in an **unguarded parking lot** for that particular day of the festival:
2 July 2023 in Dudince (football stadium)
3 July 2023 in Stará Hora
4 July 2023 in Baďan

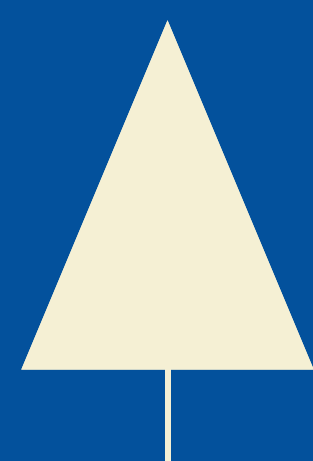

At the end of the festival day, organizers will provide a shuttle bus service to the parked vehicles. Walkers will be able to board the bus based on wearing the festival wristband. Walkers must indicate their interest in the shuttle bus service in advance in a questionnaire. Due to limited capacity, single rides in the shuttle bus service cannot be purchased onsite.

Safety throughout the route

There will be volunteer firefighters, paramedics and festival volunteers along the route who you can contact in case of need. You can also contact members of the staff or first aid if necessary. Contacts are listed on the printed version of the map and also in this infopack in the section “Usefull information”.

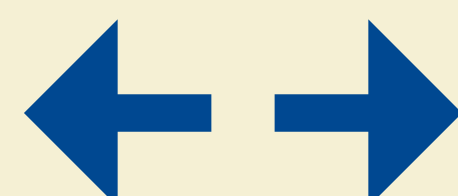

Mobile signal coverage

Some villages along the route have poorer or no mobile network coverage. In Baďan, in particular, there is only mobile coverage by Orange, and in limited mode only.

Weather

Unfavourable weather is not a reason for not holding the festival or its particular events unless otherwise informed by the organisers. The festival organisers are in contact with the hydrometeorological institute. In case of unfavourable weather, they will inform walkers of any changes to the programme. In case of extremely inconvenient weather, the organisers will provide alternative accommodation in community centres or schools along the route.
